The International Window Film Conference and Tint-Off™ (WFCT) has secured discounted room rates at local hotels, all located under two miles from the Virginia Beach Convention Center. Home to Virginia's largest beachfront, Virginia Beach is a prime event destination. After booking your stay at one of the headquarter hotels, be sure to take a look at what the local area has to offer. On top of its shoreline, the area is home to a water park, aquarium, and is a short drive to Busch Gardens and some of the nation's most important historical experiences. Breweries abound, nightlife is plenty, and everything you'd want to make it not only a visit trip but a family excursion as well.
